TO WHOM IT MAY CONCERN STOPPAGE OF ISSUANCE OF PRIMARY SCHOOL CERTIFICATE IN KOGI STATE

There was national policy in Nigeria on the stoppage of issuance of primary school certificate as far back as 2006. This was as a result of new national policy in education-where pupils in Primary Six (6) had an automatic transition to Junior Secondary One (JS.1).

In Kogi State - Nigeria, this policy was later reversed hence; the issuance of such certificate came to be resuscitated as from 2012 to date.

The products of Primary Six as at 2006 through 2012 did not stand the chance of benefiting from the issuance of certificates then.

Sir/Ma, the bearer of this attestation should be accorded some measures of assistance please. This is from Ministry of Education, Lokoja-Kogi State.

Thanks.
