LETTER OF RECOMMENDATION

I am pleased to write this letter of recommendation on behalf of **Mr. Samuel C. Egwuatu**, who served as a diligent and exceptional participant in the National Youth Service Corps (NYSC) program under my supervision.

During his tenure in the NYSC program, he demonstrated remarkable dedication and leadership abilities as the President of Medical and Health Service Group (MHSG) within the Community Development Service (CDS). He served two tenures in this capacity and exhibited a high level of commitment to the group's objectives and initiatives.

Under his guidance and leadership, the MHSG CDS Group undertook several commendable projects aimed at promoting public health awareness and illness prevention practices. Notably, they organized health awareness/sensitization campaign and screening on breast cancer, hepatitis, mental health, eye care and many more amongst different populations ranging from market women, Police Officers and general populace. His dedication and innovative thinking were instrumental in the successful execution of these projects, and his ability to collaborate with diverse stakeholders further exemplified his leadership skills. He also championed the execution of General CDS (all 15 CDS groups) project twice for the local government. **Samuel**, due to his excellent leadership charisma was nominated to serve as the Award Ceremony Chairman of the Batch C Award day which he handled excellently with ease.

Furthermore, I am pleased to highlight that his exceptional contributions and commitment did not go unnoticed. At the conclusion of his service year, he was given an award of excellent leadership as the President of Medical and Health Service Group. This accolade is a testament to his creativity, resourcefulness, and dedication to making a positive impact in the community.

I have no doubt that his strong work ethic, leadership abilities, and passion for community development will serve him well in any future endeavors he chooses to pursue. He is a conscientious individual who consistently goes above and beyond expectations, and I am confident that he will continue to excel and make valuable contributions to any team or organization he becomes a part of.

If you require any further information or would like to discuss his suitability in more detail, please do not hesitate to contact me.

RE: EGWUATU SAMUEL CHINONSO

It is my pleasure to introduce and recommend the Egwuatu Samuel Chinonso to you.

I have known him for a period of one year. He worked as an intern under my watch and equally served as the representative of his set.

While here as an intern, Samuel exhibited exemplary conduct of good morals, resilience, diligence and hard work. His hands-on skills and techniques in patient handling is at top notch. More so, his leadership charisma and approach to matter is non like any other. His is both clinically and academically sound as you will find him an indispensable asset.

I therefore strongly recommend Mr Egwuatu Samuel for any position of responsibility.

Thank you.

Your faithfully,

Taiow Oyewumi

**LETTER OF RECOMMENDATION
RE: EGWUATU SAMUEL CHINONSO**

I have known EGWUATU SAMUEL CHINONSO for 5 years; I was his lecturer in the Department of Medical Rehabilitation (Physiotherapy), Nnamdi Azikiwe University, Nnewi Campus and also his project supervisor.

While as a student, Samuel was hardworking, trustworthy and dedicated to his studies and other assigned roles. He was always ready to carry out any task given to him with diligence.

He is an excellent team player but can also function independently even with minimal or no supervision. There were situations where he could have cheated his way out due to the difficulties that came up in the buildup to his completing his undergraduate project but he chose the path of hard work and integrity. That for me is a strong quality.

I therefore have no reservations in recommending him for any position of responsibility or assistance he might seek of you.

Please be assured of my highest regards.

Thanks,

Yours Sincerely,
