The Chairman,
Oyo State Primary Health Care Board,
Ibadan, Nigeria.

Dear Sir/Madam,

I am writing to seek to provide optimal health service in your establishment. I am assured that my education, internship experience, educational achievements and extracurricular activities makes me an ideal candidate for this role.

I graduated from Ladoke Akintola University of Technology, Ogbomosho, Oyo Nigeria, where I earned a Bachelor of Technology (Hons.) degree in Medical Biochemistry. During my time at the university, I completed an internship with Ladoke Akintola University of Technology Teaching Hospital, at the metabolic clinic laboratory, where I garnered empirical experience in laboratory analyses of blood and urine specimens amongst others, for diseases diagnoses.

I worked as a Medical Laboratory Assistant at Model Primary Health Care, Kirikasamma, Jigawa, during my N.Y.S.C. service year. While there, I gained more experience and was further exposed to various laboratory tests, involving laboratory analyses of different specimens, specifically, blood, stool, urine and sputum, in the diagnoses of diseases.

I am well organized and detail-oriented, with strong analytical and research skills. I worked with Institute of Human Virology, Nigeria, where I incorporated my meticulous and analytical skills into the screenings and evaluations of hospital attendees, which resulted in the proliferation of diagnosed cases of tuberculosis.

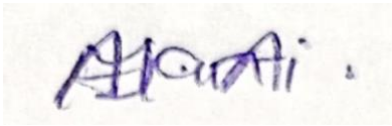

During my internship and N.Y.S.C work experience, I have assisted with pre-laboratory analytics, laboratory analytics and post-laboratory analytics, such as patient identification, sample collection,

sample identification and analyses, taking readings and calculations, which resulted in significant reductions in the times spent on laboratory tests and optimal laboratory services.

I am enthusiastic about the chance to incorporate my skills and experience into your establishment.

Thank you for considering my application. I look forward to the opportunity to discuss how I can make contributions to your establishment, for efficient service delivery.

Yours faithfully,
