TO WHOM IT MAY CONCERN

This is to introduce Titilayo Bolatito BAMIDURO who was a postgraduate M.Sc. student in our Department from 2011/2012 to 2013/2014 academic session, with Matriculation number 176554. She completed her M.Sc. programme in Pharmaceutical Microbiology in 28 April, 2015 and in her overall assessment scored CGPA 4.33, thus qualifying her to proceed to M.Phil/Ph.D. This is a provisional notice pending the approval of the results.

Consequently, I strongly recommend her to your institution/organization for any relevant assistance she may require.

Thanks.

Yours faithfully,

Dr. P. A. Idowu
