

Cisco
Networking Academy
Mind Wide Open

Certificate of Completion

Presented to:

Monday Ganiyu

Name

For completing the Cisco Networking Academy[®] Introduction to IoT course, and demonstrating the ability to perform the following:

- Explain how the IoT brings together operational technology and information technology systems
- Explain how business processes for evaluating and solving problems are being transformed
- Explain how things that are non-IP-enabled and IP-enabled can be connected to a network to communicate in the IoT
- Explain security concerns that must be considered when implementing IoT solutions
