

COVER LETTER OF ONOJA EMMANUEL .F

I am Onoja Emmanuel Friday, popularly called Engr Prince, A graduate of Chemical Engineering from Ahmadu Bello University, Zaria Nigeria.

Education, for me has been a lifelong Passion and Pursuit which is evident in my degree.

I have been opportune to be a recipient of quality education and over time, I have felt obliged and driven to reciprocate and replicate this opportunities to hundreds of youths and youngsters within my sphere of influence.

In light of the above mentioned, I have taken concrete steps in contributing to the educational advancement of numerous communities ranging from the educational communities, geo-political communities and religious communities. The following are the real life situation where my impact has been felt either through direct impactful teaching or through application of the Engineering knowledge acquired in production and industrial application.

1. Tutorial Coordinator, School of Basic and Remedial Studies (SBRS), Ahmadu Bello University, Zaria (2008-2010) Where I was saddled with the responsibility of being Mathematics Tutor and as the Coordinator of the group. Here I came to realization that no student is completely intellectually impaired. Good teaching Methodology has a way of improving student's comprehension. I was also resilient enough to absorb the pressure of teaching and managing the Tutors. The result or outcome of the whole exercise was evident in the unusual performance of the predegree students where high rate of success was recorded in their degree qualifying examination for that session.
2. Chemistry/Mathematics Tutor, National Institute of Leather and Science Technology (NILEST), Zaria (2010-2013). Here I taught the National and Higher Nation Diploma students Chemistry and Mathematics simultaneously even while I was still running my undergraduate program. The drive and passion to help increase the love of learning amongst tertiary student was a product of the quality education I have obtained.
3. Tutorial Coordinator, Ahmadu Bello University, Zaria (2010-2014). Here I was the Coordinator and the Mathematics Tutor of the group under

the auspices of The National Association of Kogi State Students (NAKOSS). The essence of the group was to expand knowledge among Kogi State Students and to promote unity. The result and outcome of the Tutorial group was a positive reflection in the students' performance.

4. Director/Mathematics Tutor, Amazing Impact Educational Foundation, Port Harcourt (2015 till date). My passion for educational advancement and mass literacy campaign was what led to the establishment of the foundation in the year 2015 to help senior secondary school students, undergraduate students and also promote writing and reading ability among aged men and women. The result has been a positive one.
5. Mathematics/ Chemistry Teacher in Agbaragwu, Isiala-Ngwa South Local Government area of Abia State, a rural school between 2016 to 2017. The drive for education took me to the school to revive their science laboratory and to teach science subjects thereby increasing their love for science. Here, the first set of students who sat for their Senior Secondary Examination made it up to 90 percent success in the science subjects.
6. Mathematics Lecturer/Examination Officer, Havard Wilson College of Education, Aba (2016-2017).
7. Sales Representative, Unilever PLC, Abuja. (2005).

LEADERSHIP

- President, National Association of Kogi State Students (NAKOSS), Ahmadu Bello University, Zaria (ABU) Chapter (2014).
- Welfare Director, National Association of Kogi State Students (NAKOSS), ABU Chapter (2011).
- President, National Association of Northern Nigerian Students, ABU/SBRS Chapter, (2013).
- President, I.T Forum, Raw Materials Research and Development Council, Abuja (2013).
- Sunday School Teacher/ Youth Instructor, United Evangelical Church, Abayi, Aba Abia State (2016).
- President, NYSC Agro-allied Community Development Service, Aba North (2016)

KEY ACHIEVEMENTS

1. Establishment of Skill center for NYSC at Aba North Local Government, Abia State (2017).
2. Establishment of forty-two (42) Fish Farms and three (3) Poultry Farms for 45 Corps members and Non-Corp members in Abia State (between 2016 to 2018).
3. Procurement of all necessary Science laboratory equipment for Government Day Secondary School, Agbaragwu, Isiala-Ngwa South Local Government, Abia State, commissioned May 2016.
4. Innovative introduction of fish feed production from locally available feedstuff to Federal University of Technology Owerri Farms and Stanbic Agro Interlinks, Uturu in Abia State (2018).
5. Establishment of Business Plan Academy for NYSC Agro-allied SAED Department(2017)
6. Empowerment of Aba North Local Government indigene and Non-indigene on 'Agri-business opportunities and the potentials in Fish Production' (3rd September, 2016).
7. Production of Calcium lactate from the demineralization of shrimp exo-skeleton, Research Project at Ahmadu Bello University Zaria (October, 2014).
8. Production of 38,000 pieces of fingerlings Catfish for Stanbic Agro Interlinks, Uturu, Abia State, using ovaprim hormone as method of artificial hatchery (2017).

With my work of experience and passion for Education, I have the capacity to overseeing and taking delivery of the task ahead of me in academics, production industries and as Content developer.
