PROFESSIONAL SUMMARY

- I am an accomplished professional with a diverse background in health education and project management within the Nigerian context with leveraging experience as a Human Kinetics and Health Educator.
- I effectively promoted public Health Awareness and Personal Hygiene of well-being among the Nursing Mother at Olabisi Onabanjo University Teaching Hospital in Sagamu under Nursing Department as Food Nutritionists and Health Educationist Instructor in a conducive environment.
- As the Assistant Team Lead, I orchestrated successful Practicum and Training program, transitioning into the role as Personal Assistant (Admin) at the Ebonyi State Ministry Of Youths And Sport. I was known for adaptability, effective leadership, and a commitment to enhancing educational and health experiences. I am eager to bring this diverse skill set to new challenges and contribute to initiatives that positively impact education, sports, and health management.

WORK HISTORY

04/2023 - 04/2024

Personal Assistant (Admin), Ministry Of Youths and Sports Council - *Ebonyi State Sports Director.*

- I developed comprehensive project plans, defining objectives, timelines, and resource requirements for various initiatives related to the Public Health Awareness And National Youth Game. I collaborated with finance and sponsorship teams to develop and manage project budgets, ensuring effective financial control and optimal resource utilization Community Health.
- I established and maintained relationships with key stakeholders, including government agencies, sponsors, And Ministry of Health participating teams, and local communities, ensuring alignment with Public Health Awareness project objectives. I also maintained effective communication channels with internal and external stakeholders, providing regular progress updates, addressing concerns, and ensuring transparency in project activities.
- I identified potential risks associated with assigned projects and developed mitigation strategies to ensure the smooth execution of activities and adherence to project timelines.
- I addressed and resolved issues that arose during project implementation, demonstrating adaptability and quick decision-making to overcome challenges Public Health Awareness.

2019

Teacher, at Local Government Primary School (Teaching Practice) – Obalende, Ijebu-Ode.

- I developed and implemented a comprehensive physical health education curriculum aligned with national education standards, covering topics such as Personal Hygiene, Physical fitness , Food And nutrition, and Public Health Awareness of well-being.
- I prepared and delivered engaging lesson plans for various age groups, incorporating a variety of physical activities, sports, and health-related topics to cater to diverse learning styles. I conducted regular fitness assessments to track students' physical progress and provided constructive feedback for improvement.
- I led and coached sports activities, encouraging teamwork, sportsmanship, and skill development among students participating in various sports programs. I also delivered informative health education lessons covering topics such as nutrition, hygiene, mental health, and the importance of leading a healthy lifestyle. I ensured the implementation of safety protocols during physical activities, sports events, and gymnasium use to minimize the risk of injuries.
- I organized and supervised extracurricular public Health activities, personal hygiene, mental health exercise and events to encourage student participation and community engagement. I managed and maintained sports equipment, ensuring availability and functionality for physical education classes and extracurricular sports activities. I also engaged in continuous professional development to stay informed about new teaching methods, health education trends, and advancements in physical fitness.
